Indian Scout

1920-1921-1922-1923-1924

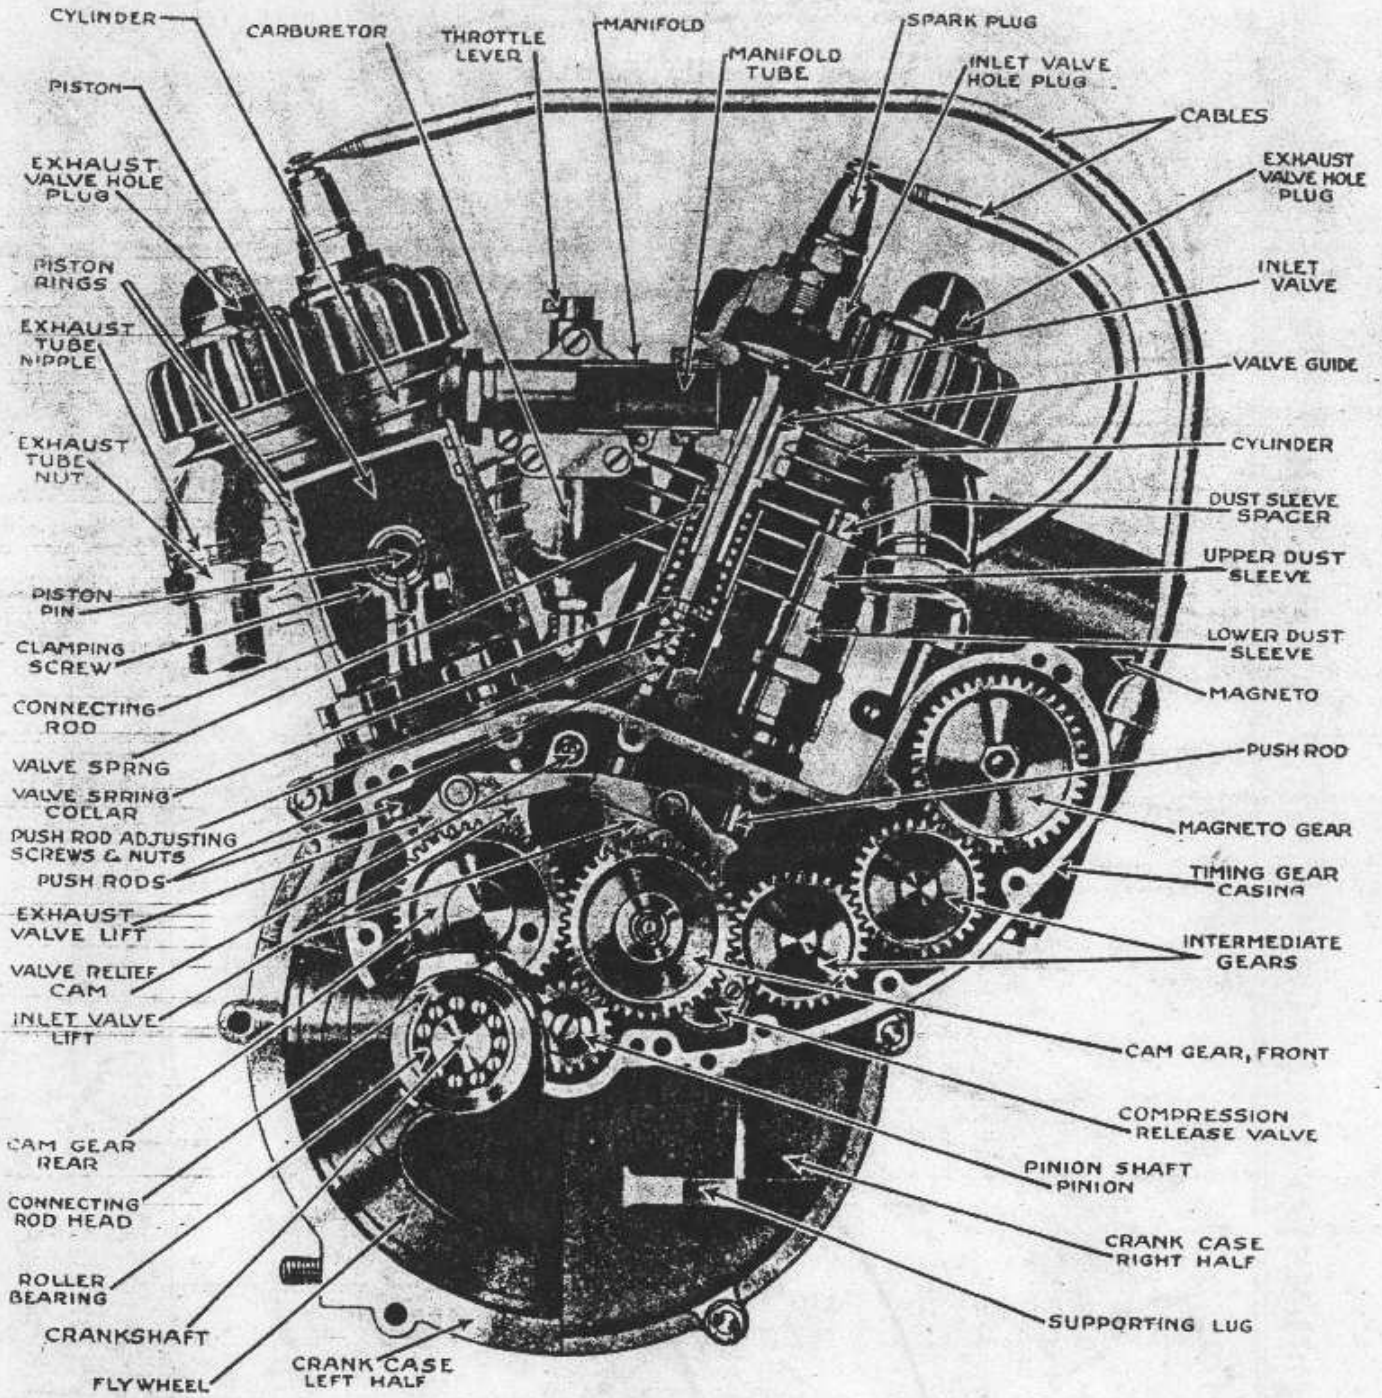

1925-1926

FREW'S CYCLE & MOTOR WORKS,
CR. LORD AND PARRY STREETS,
EAST PERTH.

Indian Motorcycle Company

Springfield, Massachusetts, U. S. A.

Sectional View G-20 Motor

This list covers spare parts for the 1920-1921-1922-1923-1924-1925-1926 Model G known as the INDIAN SCOUT. Parts for the CHIEF and PRINCE models will be found in separate Parts Lists.

READ THIS CAREFULLY

To distinguish various models:

YEAR	MODEL	LETTER IN MOTOR NUMBER
1920	G	R (Example: 50R000)
1921	G	S (Example: 50S000)
1922	G	T (Example: 50T000)
1923	G	V (Example: 50V000)
1924	G	X (Example: 50X000)
1925	G	Y (Example: 50Y000)
1926	G	AG (Example: AG100)

EXPLANATION OF LIST

In this list will be found numerous parts common to the Model N. In such cases they will bear the same number as in the POWERPLUS Parts List. (Example: N-4, Fly wheel thrust washer. Found in both Parts Lists under the same number.)

The letter "S" before the part number means that the part is common to all SCOUT models unless otherwise specified. (Example: S-56, Driving Shaft.)

The letter "R" after the part number means that the part is used on 1922 models. (Example: S-1750RX Frame for 1922 SCOUT.)

The letter "S" after the part number means that the part is used on 1923 models. (Example: S2450SXI, Gasoline tank for 1923 SCOUT.)

The letter "T" after the part number means that the part is used on 1924 models unless otherwise stated. (Example: S1550TX, Front fork complete for 1924 SCOUT.)

The letter "U" after the part number means that the part is used on 1925 models. (Example: S370U Front cylinder for 1925 SCOUT.)

The letter "V" after the part number means that this part is used on 1926 models. (Example: S373V, Cylinder rear, 1926.)

USE PART NUMBER WHEN ORDERING. DO NOT ORDER BY FACTORY NUMBER

The same factory number covers several different parts in many cases. Therefore, use the part number for each item wanted.

In telegraphing or cabling orders, it will be convenient and economical to use the code words as, where desirable, the code words can be joined to any five-letter code, thus giving a ten-letter word.

In such cases when the order can be wired within ten words, use part number to avoid errors in transmitting messages.

STANDARD, AND WILL BE SENT UNLESS OTHERWISE SPECIFIED

PARTS ORDER BLANKS should be used when ordering. We supply these free on request. Confusion and delay frequently arise by not using these blanks.

TERMS

We do not open accounts except with our regularly established selling agents. Therefore, all individual orders must be accompanied by cash, without exception. This is not to be taken as a reflection on your personal credit: it is simply to avoid our carrying on the books a multitude of small accounts, the labor of which would in many cases cost more than the parts ordered.

In establishing this rule, time is saved which is an advantage to the person ordering the parts.

ALL C. O. D. ORDERS must be accompanied by sufficient remittance to cover transportation charges.

We are not responsible for goods after once shipped. For goods lost or damaged in express and freight shipments, claims should be made by the consignee.

We do not guarantee the delivery of Parcel Post shipments. All goods sent in this manner are at the consignee's risk. No Parcel Post shipments are sent forward insured unless so specified on your order.

CLAIMS FOR SHORTAGE. Each shipment is accompanied by a Packing Slip. In cases where parts check short, this Packing Slip MUST be returned for our inspection or no adjustment will be made.

PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

REPLACEMENTS

Dealers and riders in many instances, when parts are broken, take it for granted that said parts are replaceable under our guarantee. Such is not the case, and parts sent in to us to be replaced are subject to our inspection for approval or rejection.

No parts will be replaced gratis which have shown defects unless the parts are returned to the dealer from whom the machine has been purchased, or to the factory.

GOODS RETURNED

Do not return any goods without our permission in writing. All carrying charges must be prepaid or otherwise we positively refuse to accept them.

When returning goods to us, either for repairs or replacement, in all instances a letter giving full and detailed particulars should be sent us.

WARNING

In keeping your machine at its top efficiency, it is mighty important that only genuine INDIAN parts are used.

The spurious INDIAN parts now being marketed trade on the INDIAN good name and entirely disregard the value and service the owner is entitled to.

Chemical analysis shows that counterfeit INDIAN parts on the market are in every instance made of material inferior in quality to that used by us. Among the many parts we have examined, we have found bearing bronze only half the hardness of INDIAN metal. Valves are made from cold rolled steel instead of chrome nickel steel and case hardened parts so brittle as to be utterly unsafe.

Bear in mind the strain to which every part of the machine is subjected when running at high speed or on rough roads. Think of the possibilities of serious injury to yourself and wreckage of your machine from breakage of a vital part of counterfeit manufacture.

Is the risk worth the saving of a few cents more for the price of a genuine part and safety?

The market is flooded with inferior material to fit INDIAN machines, therefore insist on genuine INDIAN parts.

Remember also the guarantee becomes void immediately when a machine is fitted with counterfeits.

GUARANTEE

1. All new INDIAN MOTOCYCLES, Sidecars and Component Parts are guaranteed to be free from defects in workmanship and material. Our obligation under this Guarantee is limited to the replacement without charge of any part or parts which shall, within ninety days from the date of the original sale by the Dealer, prove to be defective and which shall be promptly returned to us, transportation charges prepaid, for our examination and decision.
2. This Guarantee shall be terminated by the alteration of our construction in any way whatsoever, by the use of devices not approved by us, by the use of any but genuine INDIAN Parts for repair or replacement or by the subjecting of the Motorcycle to misuse, abuse or neglect.
3. We do not guarantee any parts of equipment or specialties not of our own manufacture, such as Tires, Magnetos, Saddles, etc. These parts are guaranteed by their respective manufacturers and, should they develop defects, should be sent direct to them.
4. When Motorcycles or assembled parts, in which defective parts are to be replaced, are sent to us, a reasonable charge for labor will be made.
5. This Guarantee is given by us in lieu of all other guarantees, expressed or implied, and all other obligations or liabilities on our part. The purchase of any INDIAN MOTOCYCLE Sidecar or Component Part signifies acceptance by the purchaser of each of the provisions hereof. We neither assume nor authorize any other person to assume for us any other liability in connection with the sale or use of INDIAN MOTOCYCLES, Sidecars or Component Parts.
6. INDIAN MOTOCYCLES, Sidecars and Component Parts, sold by other than our recognized Dealers are sold without our Guarantee, unless otherwise provided.
7. When sending in parts for replacement, customer must tag same with his name and address. A letter giving full and detailed particulars must be sent to us in each case, giving the engine number to avoid delay in identifying the consignment.

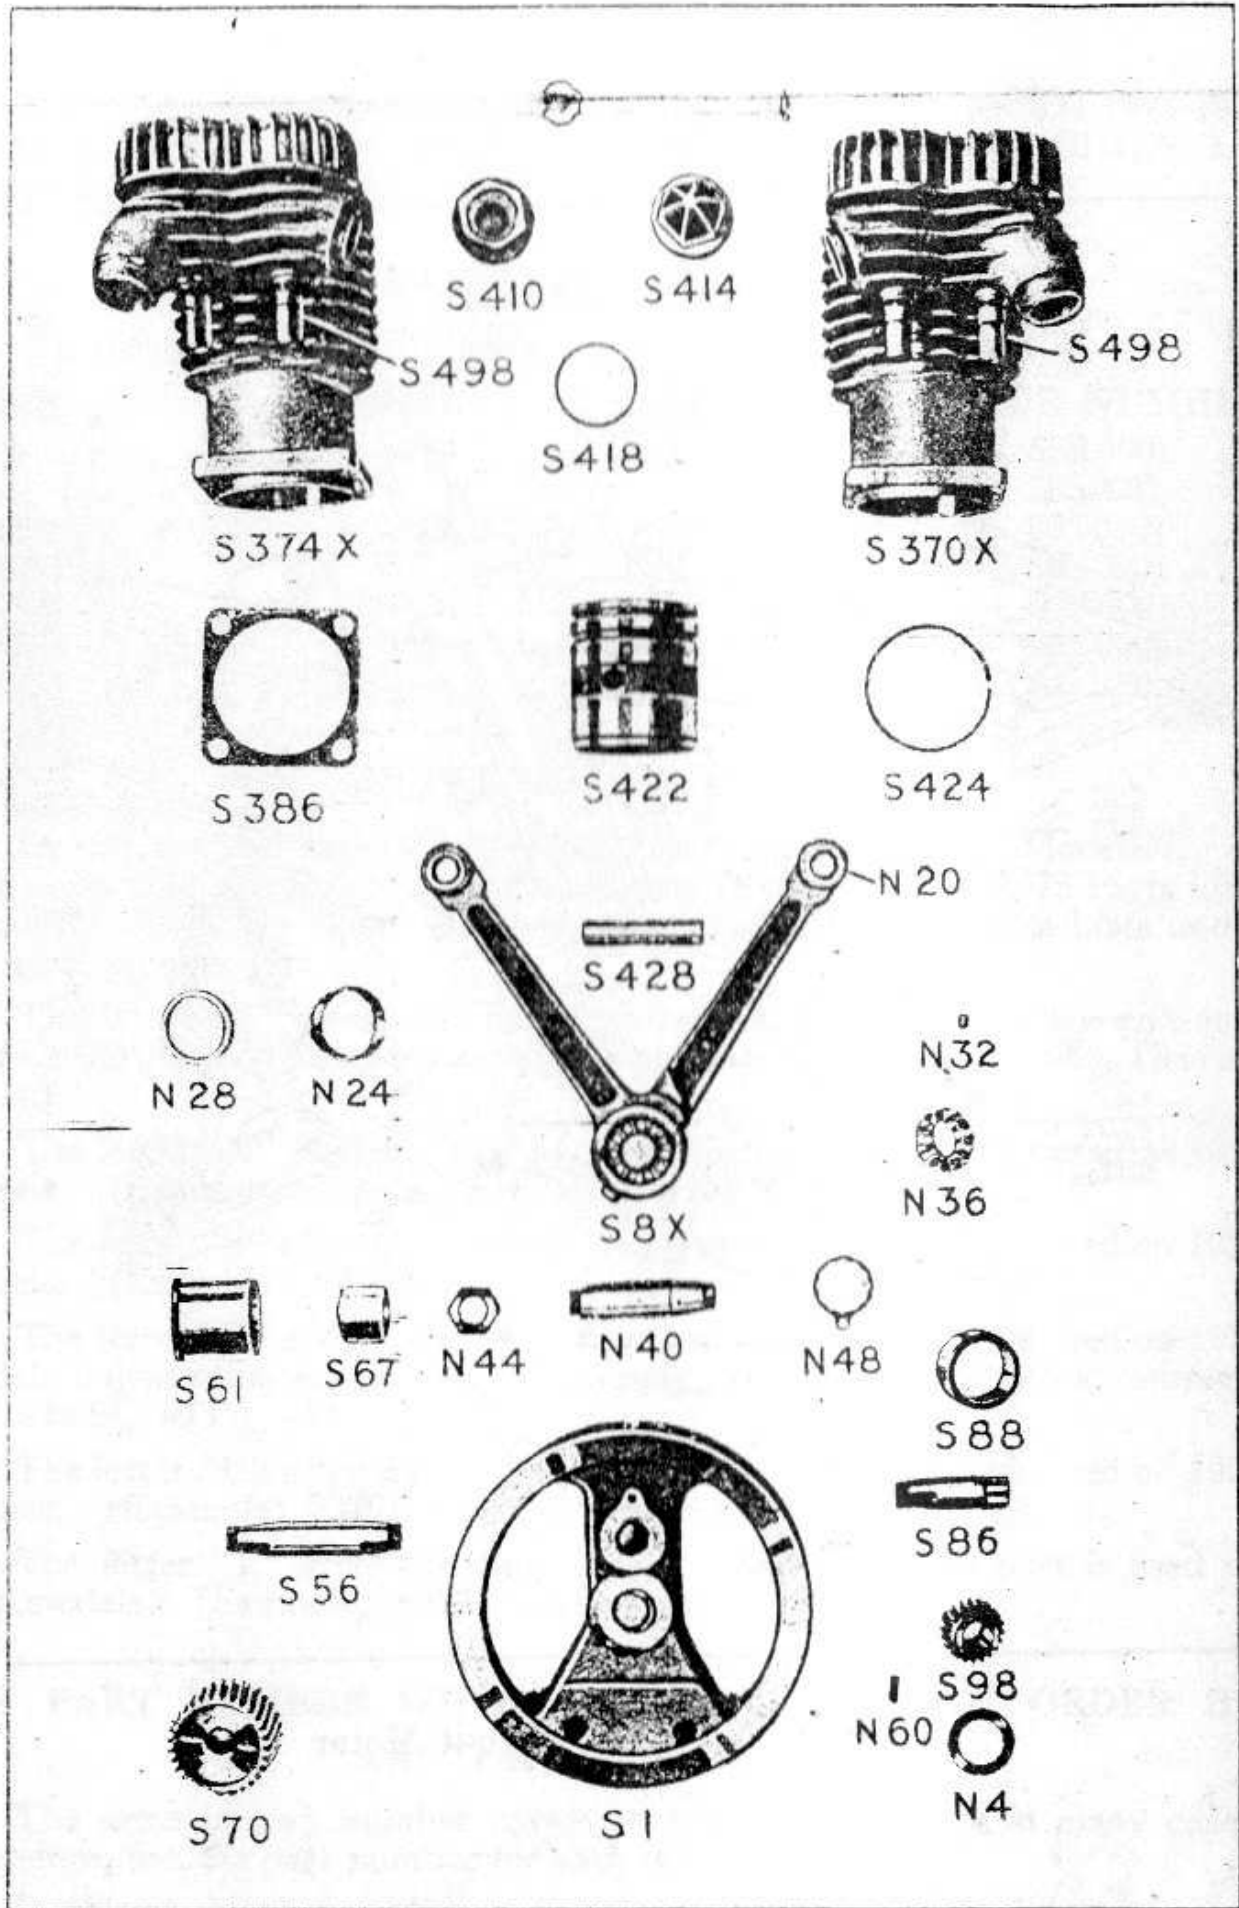

SERVICE

The sale of an INDIAN MOTOCYCLE does not mark the close of a transaction, but the beginning. Only through the co-operation of the dealer and his factory by the rendering of intelligent advice to the rider and mechanical attention to his machine when necessary, will the greatest satisfaction, pleasure and efficiency of operation be obtained. The purchaser of an INDIAN MOTOCYCLE commands the unapproached service facilities of factory branches supplemented by the service departments of our 2000 dealers. This organization maintained at great expense solely for the benefit of INDIAN riders offers prompt service on all orders sent to the factory.

Prices subject to change without notice.

An amount equal to the amount of any excise or sales tax which may be payable, is to be added to all net prices based on this list.

Special Equipment

*That Adds to the Comfort
and Pleasure of*

MOTORCYCLING

INDIAN MOTORCYCLE COMPANY
Springfield, Massachusetts

LEG SHIELDS

A real motorcycle leg shield. Something new for the comfort and protection of the motorcycle rider. Made from durable, high quality leatherette. Anchor support brackets are trim in appearance, clever in design and readily fitted. Can be easily dismantled, rolls into small package. Readily carried in sidecar or strapped on luggage carrier.

- 25Q879X Leg shields complete with brackets, Scout and Chief models..... \$5.00
- 25Q878X Leg shields complete with brackets, Prince models..... 5.00

LEGAL LENS

Monogram lens. Legal in every state in the Union and in Canada. Affords ample road illumination for night riding.

- 24Q127 Monogram lens.....6 1/4" \$0.95
- 24Q126 " "6 1/2" 0.95

AN INDESTRUCTIBLE BATTERY

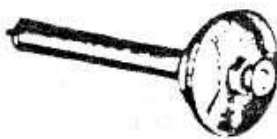

At last a battery that is vibration proof. Furnished as standard equipment on Indian Motorcycle. The new indestructible Wico battery is as solid as a rock and so constructed as to defy vibration. It will stand up and take the worst kind of punishment regardless of how hard a rider may be astride the motorcycle. Furnished in two sizes.

- T6750X Wico battery, 5 N type, 6 volt 20 ampere hour for Chief models..... \$14.00
- N6781SX Wico battery, 3 N type, 6 volt 16 ampere hour for Scout and Standard models..... 11.50

GASOLINE INJECTOR

Gasoline injectors are supplied for all type machines. Quite a handy article to have.

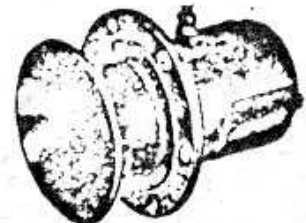

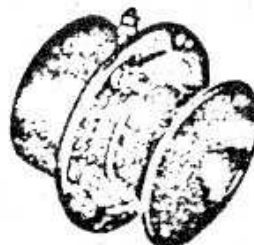

- N1250PX Gasoline tank injector for Chief, Scout and Standard models... \$1.35
- V1250X Gasoline tank injector for Prince models..... 1.15

CHAIN TOOL

Low in price but does the work nicely. Can be conveniently packed in tool equipment.

- N5434M Chain tool..... \$0.40

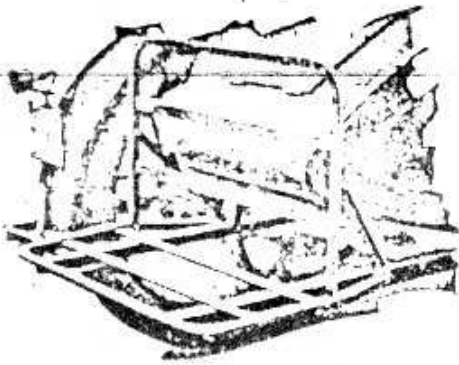

HORNS

Motor driven horn, black Japan finish. Makes an excellent motorcycle warning signal.

- N6850Q Motor driven horn..... \$5.75
- N6850QX Motor driven horn complete with bracket and switch..... 6.75

Buzzer type horn as illustrated, free from rattle, sturdily constructed, meets all requirements.

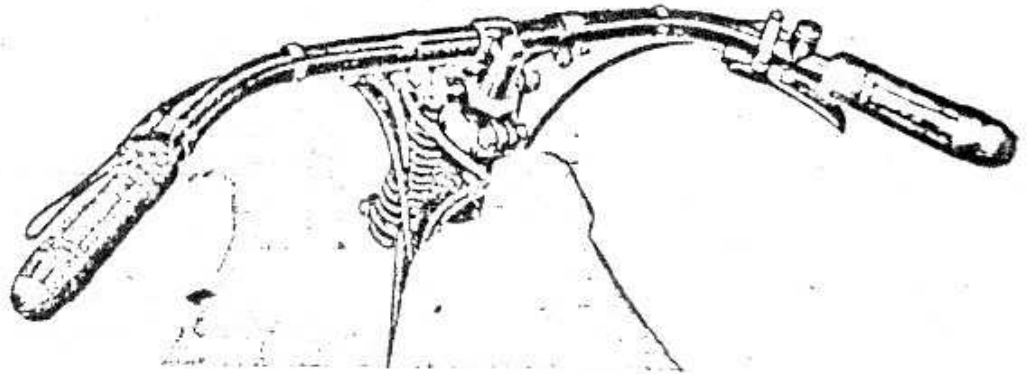

- S6850S Horn only..... \$3.00
- S6850SX Horn complete with bracket and switch..... 4.00

SIDECAR LUGGAGE CARRIER

Here is a sidecar luggage carrier designed to carry luggage safely and securely, easy to attach to the sidecar. Price easy on the rider's pocketbook.

25Q732 Sidecar luggage carrier..... \$5.00

SPORT BARS
(Semi-Racing Type)

Very sturdy, giving the riding position desired by many riders. Indian construction throughout.

20E72X1 Handlebar complete with controls for Scout, Chief and Standard models... \$20.00

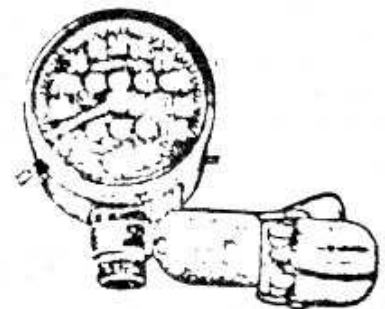

25E50X1 Handlebar complete with controls for Prince model..... 16.00

INDIAN OIL

Indian oil—in a new ATTRACTIVE PACKAGE. Handy, Convenient and Safe. Say good-by to happy-go-lucky lubrication.

SPEEDOMETER

Corbin-Brown speedometer used as standard equipment on Indian Motorcycles. This speedometer is also supplied with maximum hand, luminous dial and one hundred mile dial. The maximum hand registers the highest speed traveled and is quite essential for police work or where a check is desired on the maximum speed obtained. Luminous dial permits easy reading of speedometer at night.

- Speedometer, regular model..... \$17.00
- Speedometer with maximum hand..... 19.00
- Speedometer with luminous dial..... 20.50
- Speedometer with maximum hand and luminous dial..... 22.50

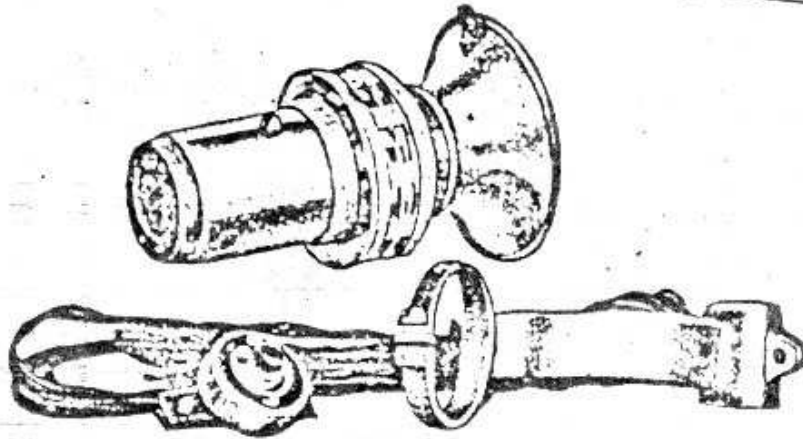

One hundred mile dial, \$1.00 extra.

Specify model when ordering and state tire size.

AIR DRYING ENAMEL

Very handy for enamelling or touching up scratches on frame, tanks, mud guards, etc. Every rider should have a small can. Keep your machine looking good and you will enjoy it more.

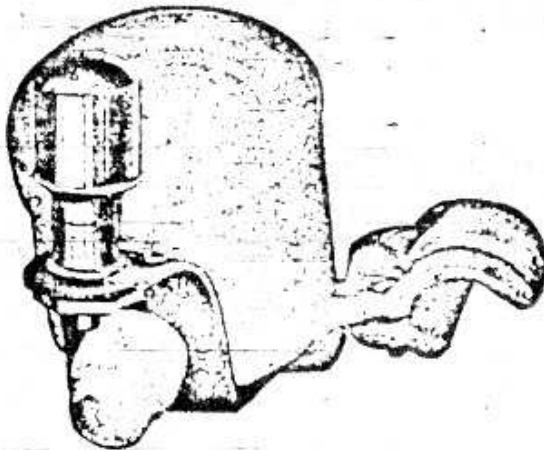

- Quarter pint cans..... List \$0.40
- Half pint cans..... List .75
- Pint cans..... List 1.15
- Quart cans..... List 2.00

SIREN

A distinctive signal limited to the use of Police and Fire Departments. High pitch, penetrating volume which insures immediate right of way. Beautifully finished. Furnished with push button and motorcycle handlebar bracket.

- 25Q215X Complete as Illustrated.....\$30.00

- 25L2X..... \$2.00

NEW SPEEDOMETER LIGHT

Every rider who uses his machine at night, not only should have one of these lights, but really needs one, in fact, in this day of speed traps, traffic regulations, cops patrolling the roads and all that sort of thing, it is absolutely imperative that every rider should know how fast he is going, day or night, and he can only tell by guess at night if he doesn't have a light like this one.

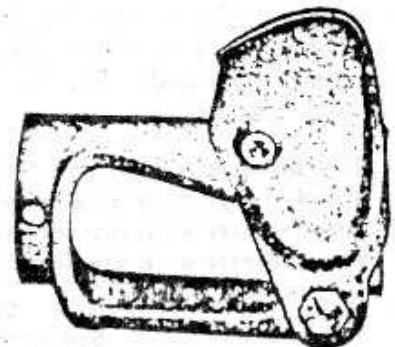

It's made especially to fit the Corbin-Brown Speedometer and there's no trick about it—easy to attach and it stays put. No rattling or slopping around and always on the job. A well-made, classy-looking job too.

The light bracket is so designed that when attached, the handlebar of the motorcycle in turning will not hit the speedometer light, the switch can be placed in whatever position desired by loosening the lock-nut under the light and setting switch lever to desired position.

MUFFLER CUTOUTS

Readily fitted to Scout and Chief models. A hack saw, drill and hammer are all the tools required to assemble this cutout.

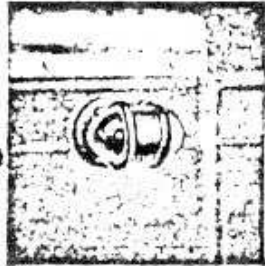

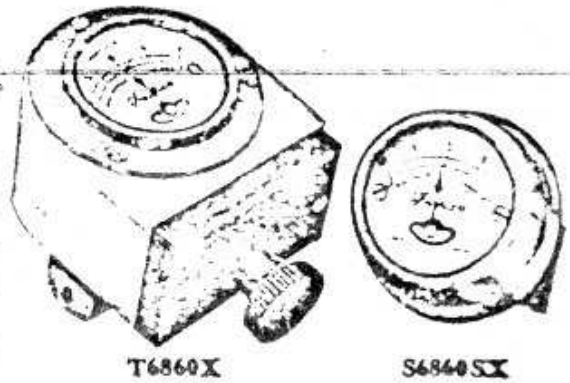

- 220826 Muffler cutout for Chief..... \$3.00
- 25Q883 Muffler cutout for Scout..... 3.00

AMMETERS

A watch dog for your electrical system. Registers the rate of charging and immediately notifies you of any short circuit in the electrical system.

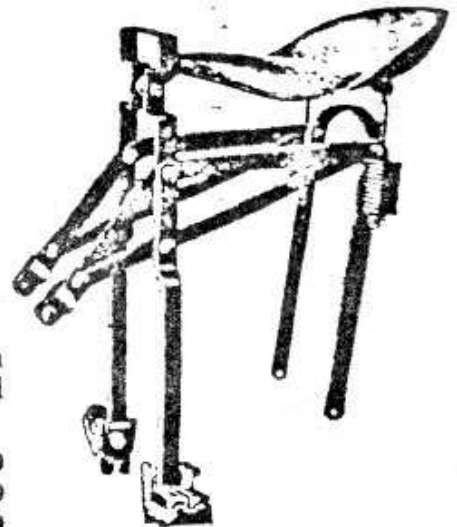

- S6860X Ammeter complete with bracket, switch and cables assembled, for Scout models.....\$10.00
- T6860X Ammeter complete with bracket switch and cables assembled, as illustrated for Chief models..... 10.00
- S6860SX Ammeter complete with bracket, as illustrated..... 4.00

SIDECAR LAMP

Electric sidecar lamp with self contained switch. A very neat and attractive job. Can be very readily attached. White front lens and red rear. Black Japan finish.

- 25Q163X Sidecar lamp with switch \$2.00

TANDEMS

The most popular tandem on the market. Combines in the highest degree the most essential features of comfort and durability and ease of attachment.

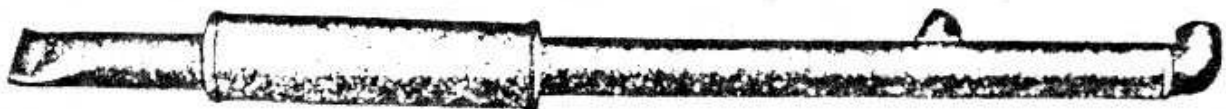

- 25Q514 Tandem complete for Chief model.....\$15.00
- 25Q515 Tandem complete for Scout model..... 15.00
- 25Q517 Tandem complete for Prince model..... 15.00

TIRE PUMP

This is a convenient tire pump, easily attached to the fork side or frame tube by means of special clips, which can be obtained when ordering pump.

- N5430 Pump..... \$1.25
- N5426 Pump clips, per pair..... .25

SPECIAL MUFFLER

For all Chief models. Designed to eliminate all exhaust noises without creating back pressure.

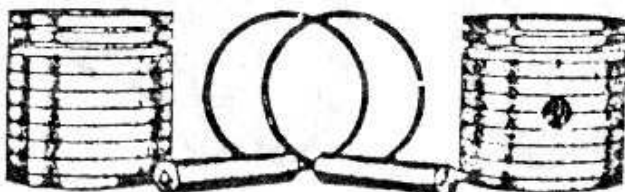

- 22E83X1 Special Chief muffler..... \$7.00

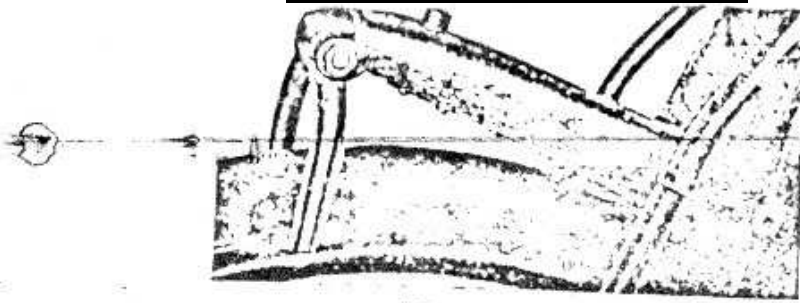

ALUMINUM PISTONS

Aluminum pistons made from special alloy and of Indian design.

- Pistons complete with floating wrist pins and rings, per set..... \$12.00

Specify model when ordering

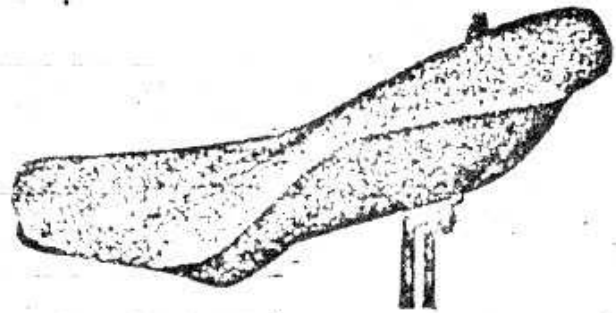

SPRING OILER

This spring oiler provides proper and constant lubrication for front fork spring. Prevents water, dust or dirt from penetrating between the spring leaves. Insures the maximum of riding comfort. Furnished for Scout models and 1924-1925-1926 Chiefs.

25Q882 Fork spring oiler..... \$1.25

WOOLSKIN SADDLE TOP

The use of these saddle covers is becoming universal. They are made from genuine sheep skins which have been cured with full length wool left on and there is no denying that they add much to the rider's comfort. The manner of attaching the Woolskin top is very simple. We have provided a leather pocket at the rear which is drawn over the back of the saddle top requiring no lacing. The point is then slipped over the pommel and secured in position by a draw string.

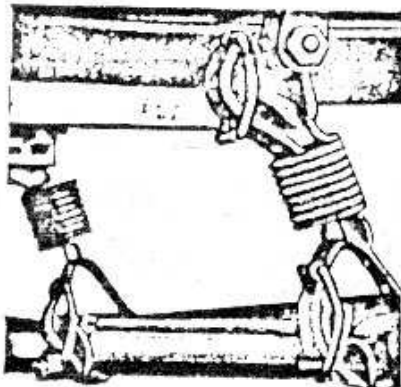

25Q428 Woolskin top for flat top saddles..... \$3.25
 25Q429 Woolskin top for "Bucket" top saddles..... 3.50

SIDECAR WIND SHIELD

The Indian All Weather wind shield. Adds to the pleasure of sidecar riding and affords complete protection for sidecar passenger against all weather conditions. Built from the best materials obtainable, readily attached to the sidecar, easily adjusted and does not interfere in any way with opening the sidecar door and entrance or exit of passenger.

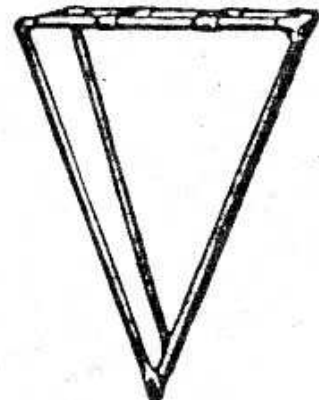

25Q704X Sidecar wind shield..... \$15.75

SHOCK ABSORBERS

Sidecar shock absorbers. Check spring rebound, prevent sidecar sway and insure greater riding comfort.

17B105X Sidecar shock absorbers, per pair..... \$2.00

MOTORCYCLE LUGGAGE CARRIER

A very useful accessory. Supplied for all models.

S4600TX Luggage carrier complete for Scout and Prince models..... \$5.50
 T4600TX Luggage carrier complete for Chief models..... 6.00
 N4600RX Luggage carrier complete for Standard models..... 6.00

TOURIST

SPORT COAT

ATHLETE

INDIAN DE LUXE SPORT COAT

Specially designed for us for all year 'round use. Nifty and dressy and the most serviceable sport coat made. Faultlessly prepared to permit utmost freedom of body. Fits snugly, but does not bind. Banded wrists protect the rider from wind and cold. Guaranteed all wool and of finest workmanship. Two breast pockets are provided, with the script letters INDIAN on the flap of left breast pocket. This model comes only in grey body, with collar, cuffs and band at bottom in Indian red. Sizes: 36-38-42-44.

Price..... \$7.00

INDIAN JERSEYS

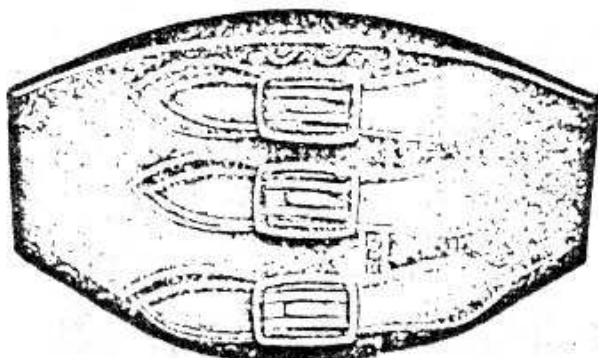

THE TOURIST: This type of jersey with the rolled buttoned collar was added to our line last year and met with instant popularity with both dealers and riders. Designed for the rider who wants a little more of the dress-up appearance than that afforded by the athlete. It is guaranteed strictly all wool and comes only with Indian Red and white Script INDIAN across the chest, as shown in the illustration. Sizes: 36-38-40-42-44.

THE ATHLETE: This jersey has the comfortable open neck and possesses every quality that a rider wants for warmth, freedom of movement and good appearance. It has always been a popular style with motorcycle riders. Made of the finest grade of wool and guaranteed. Furnished only with Indian Red body and white script letters INDIAN on breast. Sizes: 36-38-40-42-44.

Tourist type..... \$5.50
Athletic type..... 5.00

RIDING BELT

These body belts have won high favor among the motorcycle riders and their use is steadily spreading. A high degree of comfort and restfulness is given those muscles not exercised in riding, and the internal organs are protected. These belts are made of genuine grain leather of agreeable texture and fine finish. They are especially low on the sides and high on the back and front. The straps are free from holes and the buckles are of the designs used on the best trousers belts, holding the straps flat. These buckles clamp the strap at any desired tension, giving the utmost comfort.

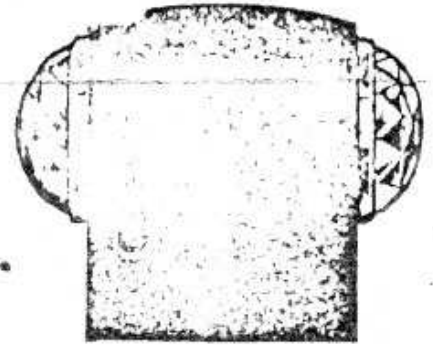

25Q893 Riding belt..... \$4.75

PARKING LIGHT

Fits flush with the fender. Mounting screws and connection are concealed. Due to its rounded lines and low mounting is not liable to be caught by passing objects. Has a readily accessible but concealed switch. Imported ground jewel lense reflecting rays of light and gives the same results as a very large lamp. Standard two candle power 6-8 volts, double contact bulbs are used.

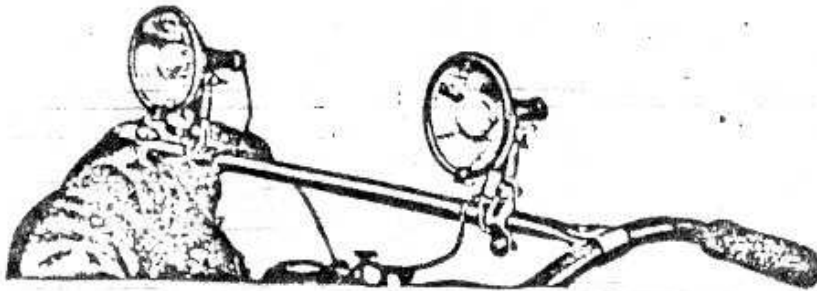

- 22Q161X Japan finish..... \$1.50
- 22Q162X Nickel finish..... 1.75

SPOT LIGHT

Indian spot light. Special Indian design. An exceptionally convenient light. Sturdy metal switch and mounted on an adjustable bracket, affording full range of use on any type handle bar. Black Japan finish with heavy nickel plated trimmings.

- 25Q176X Spot light complete with bulb, bracket and cable..... \$4.00

CROSS BAR

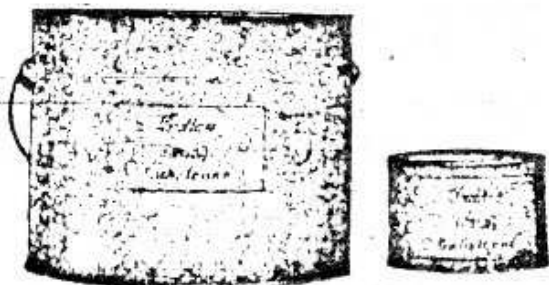

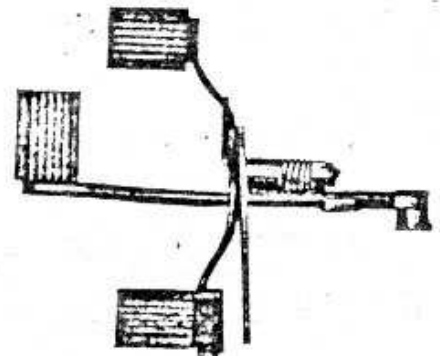

This handlebar cross bar makes an ideal mount for horn, spot light, mirror, etc. It is made from high quality seamless steel tubing. Nickel finish. Furnished in three sizes.

TAIL LIGHT

- 84820X Tail lamp complete with bracket and switch..... \$1.75

INDIAN SPORT WINDSHIELD—REAL CLASS FOR THE PRINCESS SIDECAR

25Q705X.....\$12.00

Indian Sport Windshield is easily attachable. Drill three holes on left side of Princess sidecar and adjust shield with bolts and nuts supplied. Insert fastener for holding down shield deck on door and the outfit is ready to ride. Illustration above shows the shield in riding position. Note the unique cowl effect and the sweeping streamline appearance. Apron may either be rolled inside and strapped into place or may serve as a covering for passenger. When the sidecar is empty, apron fits neatly over back of seat.

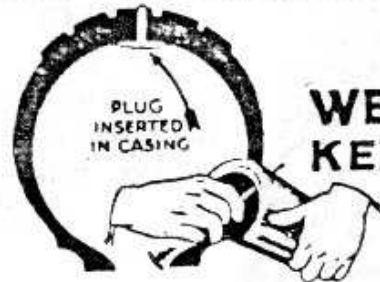

"SAVE YOUR TIRES" MOVEMENT IS STARTED BY SECRETARY OF COMMERCE HOOVER

To offset the high prices resulting from the British Rubber monopoly, Secretary Hoover has started a "Save Your Tires" campaign which is a mighty good idea. Many a tire has been cast aside that might have been patched. A "stitch in time" in many a tire now rotting away would have saved it from an early grave. Secretary Hoover estimates that 25 per cent can be added to the average mileage obtained by prompt attention to small injuries which tires suffer in everyday travel, and right now is your opportunity to save both your own tires and those of your riders.

USE WEDFORD KEX TIRE REPAIR PLUGS

This is the very latest method of tire repair and absolutely prevents fabric separations and decay.

Wedford Kex Plugs, for quick and permanent repair of punctured tire casings are easily applied. To repair a puncture, the stem of the Plug is inserted into shank of

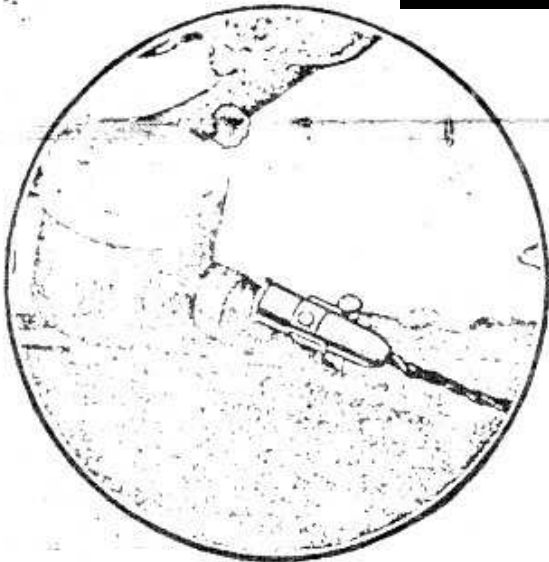

WEDFORD KEX PLUGS

needle. Needle is then pushed through puncture in casing from inside. A little cement on the needle and a pair of pliers makes the job still easier. The stem is then clipped off flush with outside of casing.

Riders' Kits each contain eight assorted Plugs, one tube of cement, a piece of patching rubber for inner tube, and a needle.

List price is \$1.25 (Part No. 26W17)

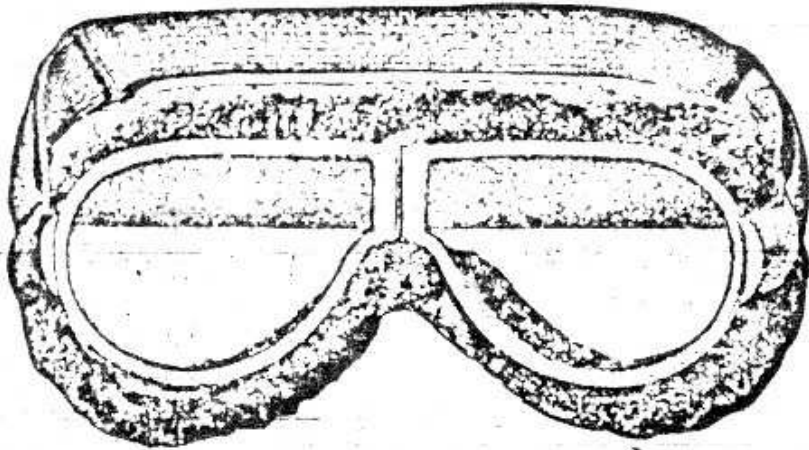

Cigar or Cigarette Lighter
in position for instant use

The Same Lighter with Bulb Inserted

French style, chenille
edges, bent glass.

List Price \$1.75

Don't Let 'Em Bump You!

Use an Indian Stop Light

Indian Stop Light is of exclusive Indian design and, as you will note in the illustration, it bears the Laughing Indian Trade Mark. The Light is adjustable so as to be easily attached to either sidecar or motorcycle mud-guard. The switch is everything that the word "simple" implies. It attaches to the frame tube and operates off the brake rod.

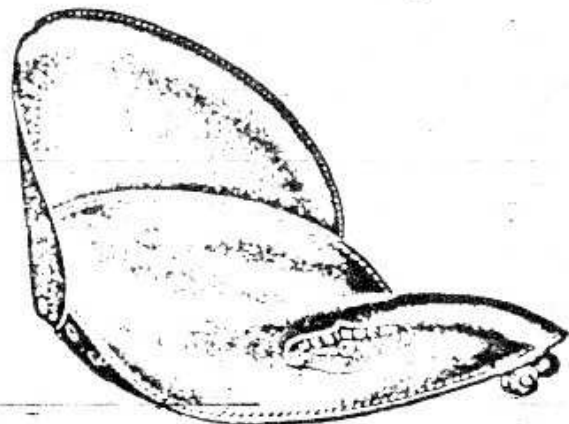

The big advantage of this stop light is the ease of attaching not only the light but also the switch which has been especially designed for motorcycle use. Switches previously used with motorcycle stop lights were for automobile use and required a great deal of unnecessary time and labor to adapt.

List price is \$1.75 (Part No. 26Q138X)

MESINGER PERFECT BACKREST

Perfect Backrest affords "perfect" ease and comfort to the motorcycle rider. Constant riding makes it worth its weight in gold to the owner.

Mesinger Perfect Backrests may be attached to Mesinger Bucket Saddles and also the Cushion Suspension No. 3 Types. They list at \$5.

INDIAN FOOT PUMP

17-inch, nickel-plated Indian Foot Pump shown at left. It is of rugged construction and will stand a great deal of abuse. Rubber air tube is tightly adjusted with metal clamps at both ends to insure no air leaks.

25W1..... \$1.50
